
Corrigendum #3 for ‘Decoding

Eurocode 7’ by Andrew Bond and

Andrew Harris

Corrigendum #1 (available as a separate document) gives corrections that apply to the original print run only (dated September 2008); Corrigendum #2 (also available as a separate document) gives corrections that apply to both the original print run and the first re-print (dated April 2009). Corrigendum #3 (this document) gives corrections that apply to all issues of the book, i.e. the original print run, first re-print, and second re-print (dated December 2009).
